

Earn a \$30,000 per year Income Part-Time!

Breaking things down really does make a difference! Even working on a very part-time basis (*only 1 skin care class per week*) you can achieve a great extra income. With a sales average of \$200 per skin care class ~ *that's selling only 2 basic skin care sets and misc. glamour....* Then we'll base the reorder business on the assumption that your customers will reorder an average of only \$17 per month—this is very conservative!

You can achieve so much more!

2 Classes per Week = \$30,000 Annual Profit

(3 hours each class x 2 classes per week = **6 hours each week**)

\$200 per class x 2 classes = \$ 400 Weekly Retail Sales & \$400 x 50 weeks = \$20,000 Annual Retail Sales
200 New Basic Customers per Year & they each re-order \$200 in a year = \$40,000 Annual Retail Reorders
\$60,000 Total Annual Retail Sales
\$30,000 Annual PROFIT from Sales

1 Class per Week = \$15,000 Annual Profit

(3 hours each class x 1 class per week = **3 hours each week**)

\$200 per class x 1 class = \$ 200 Weekly Retail Sales & \$200 x 50 weeks = \$10,000 Annual Retail Sales
100 New Basic Customers per Year & they each re-order \$200 in a year = \$20,000 Annual Retail Reorders
\$30,000 Total Annual Retail Sales
\$15,000 Annual PROFIT from Sales

The above illustration is very conservative and also does not include the Team Building Avenue of Income or the MK Car Program.....

The Vibe, Grand Prix & Cadillac
